SECRET

NPIC/D-79-63

7 JUN 1963

MEMORANDUM FOR: The Inspector General

THROUGH: Deputy Director (Intelligence)

SUBJECT: NPIC Recruitment of OCR Personnel

REFERENCE: Memorandum from the Inspector General, dated 24 May 1963, same subject.

ILLEG

1. NPIC, through the Vacancy Notice System, has been fortunate in securing the services of a number of qualified OCR personnel. Arrangements for contacting and interviewing OCR personnel interested in applying for jobs in the Center, and the subsequent advice to them as to the disposition of their cases, have been handled between the Administrative Staffs of NPIC and OCR. In other words, once an individual is interviewed by NPIC and the decision made to accept or reject, this decision is given to the OCR Administrative Staff to pass to the person concerned.

2. Neither our Administrative Staff nor OCR's Administrative Staff is aware of any case in which the procedure described above failed to operate nor are we aware of any commitment made by NPIC personnel to any OCR employee which was not later fulfilled with the possible exception of one security case. We have always endeavored to treat interviewees in a cordial manner and it is unfortunate indeed that some of them have mistaken courteousness for a job commitment.

3. If the member of your staff who has brought this situation to your attention will be good enough to give either my office or OCR the names of the individuals involved we should be happy to look into the matter and correct any false impressions which may have been formed.
